Transportation Working Group Tour

Monday, March 16 at 7:00pm

Leaving from Police Department (601 George St)

1. Welcome and introductions

2. What do we want to learn from our tour?

- a. Notable observations about sidewalks, lighting, bicycle facilities, transit stops, and the people using them
 - i. What areas seem most heavily used by pedestrians and bicyclists during tour?
Are users a mix of ages and gender, or do certain groups predominate?
 - ii. Do some areas feel less safe than others? If so, why might that be? (i.e. lighting, maintenance, lack of visibility, etc)
- b. Identify areas of particular interest
 - i. Are there specific areas that should be models for improvement in the neighborhood?
 - ii. Are there specific areas in need of maintenance/repair or in need of new sidewalks, bicycle or transit facilities, or street lighting?
- c. Did you see anything that surprised you for any reason?
- d. Overall, how well do these facilities seem to serve the transportation needs of the community? Are certain community members or needs underserved?

3. Initial debrief with additional discussion at next meeting
